

FINANCIAL POLICY FOR SURGERY

We will be contacting your insurance carrier regarding pre-authorization and benefits for your upcoming surgical procedure.

- We will be requesting payment at time of service for the amount of any co-pays, deductible or coinsurance.
- We will contact your insurance carrier no more than two weeks prior to your procedure so we can get relatively up-to-date information.
- If you need to plan financially more than two weeks in advance, please contact your insurance carrier so that you are familiar with your deductible and benefits.
- Please contact the Plaza ASC if you would like an estimate of other costs:
Plaza Ambulatory Surgery Center: 971-229-8100
